AROUND the  
TOWNSHIP

We haven't been all around the township yet, so please excuse it, folks, if you don't see it all in this column right away. From the little we have been around, it appears it is going to be quite a long but very pleasant job to make the rounds.

Everybody we meet seems to have such nice things to say and, of course, it takes a while to say 'em. We enjoy hearing them—all about the towns, the farms and the people—so we're going to keep right on until we get all the way around.

We'll be seen 'round—  
—jbs—

The clock said 12:30 down at the Peerless Grill last Thursday. Patrons were trooping past the cash register on the way out leaving their 45 cents with John in exchange for the soup and fish.

John changed a twenty-dollar note. He changed another. "Everybody in town's got big money today," he remarked.

Then he was tendered another twenty along with the 45-cent meal check.

"Can't do it, mister; smallest you got?"

"Yep," said the customer. "Bank was closed when I came by and I couldn't get it broken up."

"I keep between \$50 and \$60 in change here, but I can't crack three twenties in as many minutes," said John.

He hustled out, found an obliging butcher a door or two away who helped.

"I still think we need some banking service during the noon hour around here," he opined as he counted out the change to the patron.

Anybody planning a trip to Old Mexico certainly would do well to consult George C. Roeding, Jr. before venturing into that foreign land. Although he was only there for a short time a couple of months ago, Mr. Roeding absorbed quite a creditable working knowledge of the status of things, as his talk before the members of the Niles Chamber of Commerce on Monday proved.

In addition to more substantial, if not more helpful observations, he can tell the prospective visitors to that foreign country what not to do to stay out of trouble. And that's something.

Attention Niles Junior Patrol!

Which would you rather have—a dinner, a movie or a football game? The Chamber of Commerce committee appointed for the firemen and the junior traffic patrol reported Monday that the boys are to be consulted as to their preference for entertainment.

Our bet is that they choose the football game.

Born to Mrs. Wire Haired Bortin, during the night of October 24, five fine pups at the home of Mrs. Sibyl Tynan Tucker in Niles Canyon. Mother and the quints are doing swell. And, take it from Mrs. Tucker, they are the darlings of the little dogs that ever dropped from anywhere. The entire family is without a name, however, as Mrs. Terrier arrived at the Tucker home only last Saturday. She came all unannounced and without her spouse.

Soon as they are big enough, Mrs. Tucker promises to display the "darlings".

DUARTES IN NEW HOME

Mr. and Mrs. Frank Duarte moved into their new home on Second street this week.

Class For School  
Bus Drivers Aims  
At Pupils' Safety

CENTERVILLE—Organization of a bus drivers' safety class took place at Washington Union High School this week. News of the disaster which claimed 10 lives and injured 19 when a school bus was struck by a train at Mason City, Iowa, has inspired Principal A. J. Rathbone to take even further steps in insuring the safety of more than 500 boys and girls who are transported from 11 school districts to the Washington Union High School at Centerville.

The class will meet once a month and will be taught by Geo. Mathiesen, who has been on the high school staff for the past 14 years. Methods of driving, points for intake and unloading of students along the routes, first aid, the traffic code, motor mechanics and other topics will be discussed.

Principal Rathbone states that he holds his drivers responsible for the safety of the children.

"They must not only know how to drive safely, they are expected to know what the driver in front and the driver behind them will do before stopping or turning," he said. "We hope that the conducting of this class will make our drivers even more safety conscious."

Already strictest precautions are in force. The buses are inspected daily and twice a year by the State Highway Patrol. Daily and weekly reports must be filed in the office by the bus drivers. Each driver must have an annual health certificate and a renewal of his driver's license. He must have a thorough knowledge of first aid, the traffic code and must be able to maintain discipline among the students. Each bus is equipped with a first aid kit and fire extinguishers.

Drivers are George Mathiesen, Harold DeLeon, Wilbur Betten-court, John Taylor and Joe Dutra. Auxiliary drivers are faculty members, H. M. Kibby, Paul Dougherty, Barton Webb and J. V. Goold.

MRS. DAY IS IMPROVED

Friends will be glad to learn that Mrs. R. C. Day, who has been in a San Francisco hospital, has recovered sufficiently to be at the home of friends. She is expected to return to Niles soon.

NILES—The telephone situation in Niles will be discussed at next Monday's meeting of the Chamber of Commerce by George C. Roeding, Jr., of the California Nursery Company. Antiquated equipment of the "hand-crank" vintage has been the subject of discussion of local business men for several years. It is understood that the telephone company plans to install the dial system as now used at Decoto and Newark, at some future date.

An out-of-town visitor recently discovered upon using a pay phone in Niles that there is no arrangement for returning the nickel when the number is not secured. The telephone office advised the customer that the money would be returned by mail which was done several days later.

Chamber of Commerce members stated there was no reduction upon efficiency of operators intended but that Niles needed more modern equipment.

Roeding addressed the Chamber of Commerce at its noon meeting Monday regarding his recent trip to Mexico. He also displayed several trophies of his travels.

He stated that he found the Mexicans ready to accept new ideas but there was no use to become impatient at customs which governed their actions. It took him two hours to establish his identity, finally having to telegraph to Niles for verification. He had to have a special dispensation to drive his car at certain hours.

"Mexican merchants expect you to bargain," he said, "and articles are always priced double or more than the price finally paid."

The only time the natives of that slow and easy-going country seem to get in a hurry is when they are driving a car and there are no traffic regulations.

Increase in cotton-growing in Mexico may become a problem to cotton-growing states in this country, he said. He spoke of the many beautiful buildings and interesting villages seen on his trip which was made jointly for business and pleasure. Mrs. Roeding accompanied her husband.

Niles is known in many sections of Mexico because of shipments from the California Nursery Company here.

Court Of Honor Reveals  
Achievements In Scouting  
Among Township Troops

NILES—That scouting in Washington Township is in as favorable condition as to be found anywhere in the country was the thought expressed by Judge Allen G. Norris, district chairman, at the first court of honor at the Niles Grammar School last Friday night.

Much of the credit for this, he said, is due to the field executive, W. T. Lindsay, who has had charge of the work here for the past two years. The more than 600 individual subscribers to the financial program and the numerous leaders are also to be congratulated. Norris stated.

Niles led the troops in number of awards given. Other troops were from Centerville, Decoto, and Irvington. The court was opened by George Coit, court of honor chairman for the township. Robert Zwissig lead the salute to the flag and Lawrence Pine told something of the ever-living campfire, coals of which were taken from the recent national jamboree at Washington to all parts of the world.

The Niles troop conducted the investiture service for tenderfeet scouts and several of the mothers were presented with pins. George Mathiesen, the district's newest Eagle scout was honored.

The entertainment feature of the evening was the showing of the motion pictures taken by Mr. Lindsay to and from the jamboree and colored pictures of the 10-day camp in Washington. These proved highly entertaining, local delegates being recognized in many of the scenes. These films are available for clubs who wish to show them.

Boys attending the jamboree were George Bonde, Jr., Robert Zwissig, Vernon Ellsworth, Lawrence Pine of Niles and Roy Mathiesen of Centerville. Mr. Lindsay

The chamber voted to lease highway signs at a cost of \$20.80 per month plus power charges. At the end of three years, the signs will become the property of the Junior Chamber and the Chamber of Commerce. The senior group will be asked to appoint a committee to complete arrangements. A blue and white enamel sign with blue tubing has been selected.

The chamber decided to omit the annual Thanksgiving card party and to arrange for the annual New Year's dance at the Palomar Ball Room. Bill Cavanaugh, entertainment chairman, and Chas. Champion, publicity chairman, will have general charge.

# You Bet— TIMES HAVE CHANGED!

Frank H. Estes, Byron, California.

Frank H. Estes of Byron, California, has farmed with tractors for 22 years. Most of these machines have been powered with gasoline engines. A year ago he changed over to a "Caterpillar" Diesel Tractor and on its first birthday he dropped in and told us what he'd saved by making the change.

Here are his figures. In 2000 hours of hard farm work, which is about his yearly average, his gasoline bill has averaged \$1170.00 a year. With the "Caterpillar" Diesel Tractor he now owns, he does the same work or a little more for a fuel cost of only \$300.00. That's an annual saving in fuel alone of \$870.00.

In addition to this, he has had almost no maintenance cost and hasn't lost a minute's work from tractor trouble. He says he's more than satisfied with our service, the machine we sold him and the savings he's making. When he left our store, he wore a big grin and said, "Man! Times have sure changed!"

Just a little story, folks, from one of the hundreds of satisfied owners of the tractors we sell. Come in the next time you're close to one of our stores. We would like to show you the complete line of tractors and farm tools. Complete Sales and Service Departments are ready to handle every order from you—whether by phone, by mail or over the counter.

# MISS FLORENCE AUST TO RELINQUISH POST AT WASHINGTON HIGH

MISSION SAN JOSE—An aura of romance is hanging over the office of Principal A. J. Rathbone at Washington Union High School this week, following the announcement of the engagement of his secretary, Miss Florence Aust. The news was given to friends at a tea held at the home of Miss Aust's mother, Mrs. Marie K. Aust, at Mission San Jose last week. The lucky man is Walter Kane Scott, member of a prominent law firm of Seattle, Washington. The wedding will probably not take place until next summer or the following fall.

Miss Aust has served as secretary of the Washington Union High School for the past 10 years. She is also secretary of the Washington Union High School Alumni Association. She has a large circle of friends throughout the township who are wishing her happiness and the high school is beginning to wonder just what it will seem like when Florence's ready smile and helping hand are no longer available.

The groom-elect is the son of Dr. W. B. Scott, the nephew of the Misses Anna B. and Jane Kane and the late James H. Kane of Seattle, Washington. He is the brother of Miss Mary Gene Scott of Oakland. He attended the University of Santa Clara, received his law degree at the University of Washington, is past president of the Associated Law Students of the University of Washington and is a member of the Washington Athletic Club. At present he is associated with the law firm of Stratton, Leader, Little and Stratton, successors to Stratton and Kane, Seattle, Washington.

Announcement of the engagement climaxes a romance of several years which began when Mr. Scott was a student at the Santa Clara University. He has returned to Seattle after a visit of two weeks with Miss Aust's family here.

Report was made that Mother Bluebird Greb had left for Los Angeles for a much needed rest, but hoped to return very soon. After the business and pleasure of the evening was over, the hostess served delicious refreshments.

## DUSTERBERRY RETURNS AFTER TWO WEEKS LODGE INSPECTION

CENTERVILLE—Frank T. Dusterberry came back to his desk at the Centerville branch of the Bank of America last week after two weeks spent in touring the northern part of the State as grand chancellor of the Knights of Pythias. Frank states he and Mrs. Dusterberry had a glorious time, were royally received, were feted and banqueted and that he has to get to work and lose the five pounds he gained on the visit.

At Eureka they visited with Mrs. Dusterberry's brother, Jack and Mrs. Crothers. There was a dinner party of all the notables in the district and the following night they attended a venison barbecue at the home of Mrs. Mildred Mills, grand officer of the Pythian Sisters. Judge Harry Falk of the Superior Court of Humboldt County, was also a guest.

The tour covered about 2,000 miles and contacted approximately 1500 Knights of Pythias. The following lodges were paid official visits: Scotia, Fortuna, Eureka, Crescent City, Montague, Yreka, McCloud, Weed, Red Bluff, Willows, Westwood, Redding, Colfax, Nevada City and Grass Valley.

On Tuesday night of last week, Mr. Dusterberry visited the Yuba City Lodge.

## Third Straight League Triumph For Cornhuskers

By Tom Estudillo  
The "Cornhuskers" were triumphant in their third game in the Santa Clara Valley league, by beating Mt. View to the tune of a 6 to 0 score.

The "Huskies" got off to a fast start and produced their score early in the first half. The drive started with Rivers faking a pass and gaining two first downs in succession. After two fruitful tries at the line, Rivers, who was calling plays for Washington, decided on one of Coach Taylor's trick pass plays. Starting with a lateral that pulled Mt. View's secondary in, the play continued with a pass to Gale Sheady, who tucked it in and started toward pay dirt, but was nabbed just short of the goal line. A few tries at the line and Washington was on the six-inch line.

Third down, six inches to go, and Rivers again took the ball and ter of the line, but was dragged down for a half-yard loss. Fourth down a little over a yard to go, and Rivers again takes the ball and on an off-tackle play scored for Washington. The try at conversion was missed by Rivers.

Feeling victory in their grasp Washington seemed to let down a bit, and just won the game, because "Lady Luck" was favoring the team that day.

Mt. View kicked late in the fourth quarter and Kakimoto, playing safety, could not hold on to the ball. It rolled over the end zone. The stands were screaming and yelling, but the referee ruled that Kakimoto had touched the ball in the end zone, so it went back into Washington's hands on their own twenty.

The hero of Friday's game, was "Bruiser" Rogers who, in the final minutes of the game, saved the day for Washington. Mt. View pulled a fast one by making believe that one of its players was hurt. While Washington looked on they executed a play, but most of the Washington players thinking time had been taken out did not play the ball.

When the fact dawned upon them the Mt. View man was racing up the sidelines. Mellow tried to down him and missed and it looked like the game was going to be Mt. View's after all.

Coming from nowhere, "Bruiser" Rogers managed to lay a hand on him on the five-yard line, and knocked him out of bounds. Mt. View in three tries managed to advance the ball two yards. Last down, three to go, and what was probably the league championship depending on it, they tried to pass but Patty Luna dragged the passer down for an eight-yard loss. Mt. View could not cash in on her one big chance and Washington never gave her another.

Coach Taylor is a little afraid of the boys spirit, and is afraid that they might let down unconsciously, by facing what seems to be an inferior opponent, and get beat. But the Fremont game today promises to be another thriller. They held Gilroy to a seven to seven tie, and that is nothing to feel happy about.

## THE HUMAN BUDGET

A spot of color in a week of drab news was the announcement of Leo Carrillo, superb character actor and comedian of the stage and screen, that he will run for governor of California next year, pledged to a program "to make Californians gay and more care free, just as folks were during the early days."

"I would perhaps be a governor like Jim Rolph," said the irrepressible Mr. Carrillo. "I would cavort in chaps or shorts, whatever the people desire. There would be great gaiety as there was when my grandfather, Carlos Antonio, was provisional governor. I would not be interested in balancing the financial budget. I would first balance the human budget."

We can hear the average voter, a bit tired of grim reality, sigh and exclaim: "Almost thou persuadest me!" When Mr. Carrillo talks politics, it is like no other candidate talks. We can close our eyes and envision a people dancing; we can catch the rhythmic click of castanets and the quick beat of gaiety, with flashing feet, sparkling eyes and a happy contagion of laughter. Stock market crashes and airplane disasters, debt and taxes are all very far away.

But now we've broken the spell; those words "debt and taxes" have unceremoniously catapulted us back into the world of reality. We like your idea, Mr. Carrillo, of balancing the human budget; it badly needs balancing. But unfortunately we have learned these years just past that the human budget can't be balanced without balancing the financial budget. If you can fetch us some magic from your land of bubbling illusion that will bring us both gaiety and solvency—then, Mr. Carrillo, we shall make you governor, if you like, and you may wear chaps or shorts, as you please, and we shall live—in great contentment—as we have dreamed!

## Worker Tells Of Kentucky Flood

ALVARADO—Services of the Red Cross in peace time were stressed by Miss Mary Jones, field worker for the American Red Cross, at the Phoebe Hearst Council of Parent-Teachers at the Alvarado Grammar School last week. Miss Jones also spoke at the Washington Union High School, telling some of the interesting experiences she had while working in the Louisville, Kentucky, flood section last year.

Two changes in council offices were made. Mrs. Justine Adams, historian, resigned to accept the position of recording secretary from which position Mrs. Eric Peterson of Livermore had resigned. Mrs. Eva Cauble of Valle Vista was made historian.

Approximately 15 members signed up for the home correspondence course in F. T. A. work with Mrs. Charles Sorensen, council president, presiding.

The speaker for the afternoon was L. W. Musick, principal of the Decoto Grammar School, who gave a very interesting discourse on citizenship and methods of preventing juvenile delinquency.

Miss Jones was accompanied by Mrs. Lulu Webster, executive secretary of the Oakland Chapter of the American Red Cross, and Mrs. C. N. Myrick of Niles, Washington Township chairman.

Miss Jones pointed out that the Red Cross was not primarily a relief agency nor specifically for duty during war time. She said that its biggest program was that of education in a program of "Peace Through Understanding." World Fellowship through friendships developed through correspondence among Junior Red Cross members was commented upon.

Service to communities stricken by disaster, aid to ex-service men, first aid classes, home hygiene classes in schools, accident prevention programs, life-saving and relief to the poor were among the phases of the Red Cross program stressed by Miss Jones.
